3. Select RIS as the format. Choose between Citation Only and Citation & Abstract. Click Export.

4. Open the file with EndNote

5. The references will be imported automatically. They will display in the Recently Added group.

Please note: Due to the structure of certain database records, information may occasionally be imported into incorrect fields within your EndNote library. These need to be edited manually.

Known Problems:

- Conference paper records do not include all the conference details. This information needs to be recorded and entered after download into EndNote.

If you have any difficulties downloading references, contact the Library via tasac@cqu.edu.au
