Creating a reading list

Step 1
Go to: https://cqu-a.alma.exlibrisgroup.com/leganto/login?institute=61CQU_INST&auth=SAML

Step 2
If prompted, login with your CQUniversity username and password.

Step 3
To create a reading list, click on + NEW LIST in the top right-hand corner:

Step 4
Add a Title and Description (optional) for your reading list. Then click on CREATE.

Step 5
Choose a template to help structure your reading list:

Select a template
Please select the structure for your new list. If you’re unsure, select “blank”. You can always change it later.

- **Blank**
  Create custom sections

- **Weekly template**
  This template has sections for each week of the term. This is a starting point only and sections can be added or removed as required.

- **Reading Type**
  This template has sections for different reading types, e.g., Prescribed Textbook and Recommended Readings. This is a starting point only and sections can be added or removed as required.

- **Resource Type Template**
  This template has sections grouped by resource type, e.g., books, journal articles, videos and websites. This is a starting point only and sections can be added or removed as required.
Step 6
Associate the reading list to a specific unit.

This will add a link to the reading list from the **E-READING LISTS** block in your Moodle unit.

Associated to course

Associating a list with the relevant courses enables students to easily find the reading material that you add.

Would you like to associate this list with a specific course?

[NOT NOW] [ASSOCIATE LIST]

Search for unit by code or name:

Manage course association

No course is associated to this list.

Look up course: Enter title or code

**Please note**
The next term's units will only appear six weeks before the start of term.
