FAQs

Q: My unit is not in the “Manage Course Association List”
A: Courses will appear in the list 6 weeks prior to the new teaching period. If you are preparing a reading list before this time you will need to come back and reassociate the list closer to the start of teaching. If however it is within this period, please log a job via SDesk.

Q: Why do I need to associate the list with a unit.
A: The association of the list with your unit ensures that the link to eReading Lists in your Moodle site connects with the correct list.
